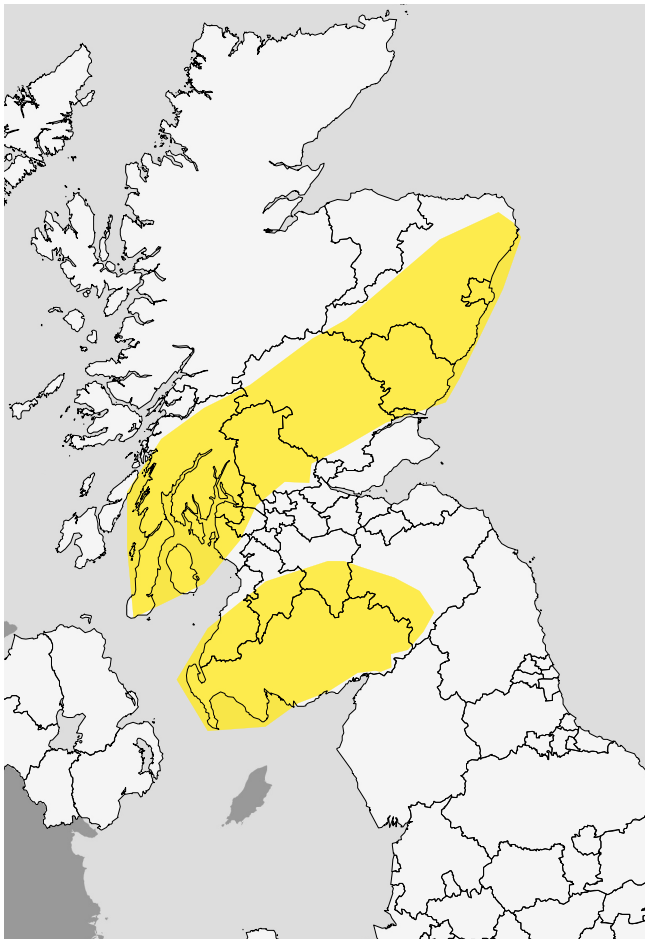
Yellow warning
**Rain**

Between
**15:00 Wed 27 Sep 2023** and
**03:00 Thu 28 Sep 2023**



## A period of heavy rain during Wednesday afternoon and evening may cause some flooding in a few places

### What to expect

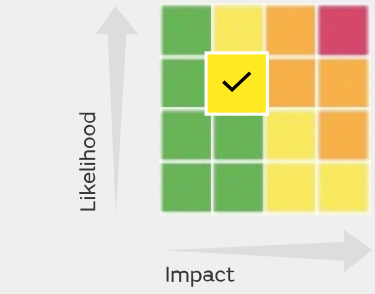
- Spray and flooding on roads probably making journey times longer
- Some bus and train services probably affected, with the chance of the odd road closure.
- Flooding of a few homes and businesses is possible

### Further details

An area of heavy rainfall, accompanied by strong winds, is likely to arrive from the south on Wednesday afternoon bringing 30-50 mm of rain, perhaps 60 mm in a few spots across higher ground. Flooding impacts may be exacerbated by recent very wet weather and by the accompanying strong winds leading to leaves and other debris possibly blocking drains. Rain will ease by the early hours of Thursday morning.

### Reason for update

Warning area has been extended further east and north, now covering Perth, Dundee and Aberdeen.



✓ Medium likelihood of low impacts
